Important Information:

Please allow up to 7 days before an instructor will contact you to set up times and dates for your swim lessons.

During the lessons we strongly recommend that the parents/guardians not sit on the deck during the classes (unless an exception has been made by instructor). The children tend to work best with their instructors if they have as little distraction as possible while learning and having fun. We would ask you please not to leave the YMCA. This gives the instructor an opportunity to teach and get your child's full attention without added distractions. However, on the last day of the lessons you will be allowed on the pool deck to video or to photograph your child.

There is a storm procedure that we must follow for everyone's safety. If there is any thunder and/or lightning the pool must be cleared. We will let swimming resume 30 minutes after the last clap of thunder. If a storm appears during a lesson, which disrupts more than half of the lesson, a make-up lesson will be made available to everyone on one given date.
